Vineyard joins BWA as stream sponsor

Mountain View Vineyard of Neola has joined the Brodhead Watershed Association family as an Adopt-A-Stream sponsor.

Sponsor (\$300) and Steward (\$500) donations provide support and equipment that BWA volunteers use to monitor the watershed.

More than 70 volunteers test local waters monthly to ensure Pocono waters are clean and pure. Ongoing support from community leaders such as Randy and Linda Rice, owners of Mountain View Vineyard, is vital to continue the program.

"Mountain View Vineyard practices what they preach," said BWA Executive Director Bob Heil. "They practice their conservation ethic in every aspect of their operations – from geothermal heating, to rain gardens for stormwater management, to minimizing chemical usage in the vineyards. They are a model for businesses in our watershed."
