## July 31 BWA workshop: Get a rain barrel and learn how to use it

Have you ever wished for a more efficient way to water your garden, keep your car clean and save money all while helping the environment? A rain barrel can do all this and more.

Brodhead Watershed Association is holding an online rain barrel sale and will host an accompanying in-person workshop on July 31. The workshop will discuss what rain barrels do, how to assemble and install one, and the many uses of rainwater around the house.

To participate, order a rain barrel via BWA's website at [shop.brodheadwatershed.org](http://shop.brodheadwatershed.org), for \$85 per barrel. This will automatically enroll participants in the workshop, which will be held 10 a.m. to noon Saturday, July 31, at Brodhead Creek Heritage Center, 1539 Cherry Lane Road, East Stroudsburg.

Barrel purchasers can skip the workshop, but the barrel must be picked up between 10 a.m. and noon July 31 at the center.

Deadline to purchase a barrel and register for the workshop is July 16, 2021. No refunds. Please bring receipt when picking up barrel.

The workshop is supported by a grant from the William Penn Foundation.

Brodhead Watershed Association is a nonprofit environmental organization formed in 1989. BWA is dedicated to protecting and preserving water resources and the environment of the Brodhead watershed, and the water quality of the Brodhead, Cherry, Marshalls, McMichael, Paradise and Pocono creeks and their tributaries. BWA assists municipalities, residents, businesses and groups with protecting natural resources through education, workshops, seminars, public programs and stream monitoring.
