

WHY DO WE SAY THAT THE POCONO PIPE WILL REMOVE 1 MILLION GALLONS PER DAY FROM THE POCONO WATERSHED?

YOU DO THE MATH!

IN

1,615,000 gallons per day comes in from Brodhead
(550,000 gallons per day goes to Sanofi)
 1,065,000 gallons per day remains for other users in
 Pocono watershed

OUT

550,000 gallons per day go out from Sanofi to
 Paradise watershed
 2,000,000 gallons per day goes out in pipeline to
 Brodhead Creek

**935,000 gallons per day comes from wells in the
 Pocono watershed**
